

Math 114: Calculus II, Summer Session I, 2007

Instructor: Alina Badus

Office: DRL 4C11, (215) 898-5973

E-mail: alina@math.upenn.edu

Office Hours: Tuesdays 2-3pm, Thursdays 3-4pm and by appointment

Lectures: Mon-Thurs 4.20-6.30pm, DRL 4C2

Course webpage:

http://www.math.upenn.edu/~alina/math114_summer07.html

Blackboard: I will be using Blackboard to post your homework scores.

Syllabus:

<http://www.math.upenn.edu/ugrad/calc/m114/05-06Math114Syllabus.pdf>

Note: we will covering all the topics in the syllabus, but in a slightly different order.

Homework: There will be six homework assignments, each consisting of the core problems from a chapter (see the attached list of topics). The homework is due at the beginning of class; please write neatly and staple the pages. You are welcome and encouraged to work in groups, but please write up your own solutions. Doing the homework regularly and completely is key to doing well in this class.

I will not accept late homework. If you know that you will be away on a certain day, please let me know in advance. You are always welcome to turn in an assignment early!

Extra credit: I have listed some extra credit problems from each chapter. You can turn these in at any time and you do not have to attempt every problem on the list! Extra credit can add up to 10% to your final grade, but you can also do very well in the class without doing these extra problems.

Final exam: there will be a cumulative final exam on June 28th, in class.

Grading: 60% homework, 40% final exam

Resources: If you find you are having trouble in this class, please come to my office hours (or set up an appointment with me). Also, see the Department's Math 114 page at <http://www.math.upenn.edu/ugrad/calc/m114/> for more information about this course, including sample and old exams.
