

Math 240 Spring 2008
Midterm I

The midterm will be in class (12-1:20) on Tuesday Feb 19th.

It will cover all sections in Chapter 8 that we discussed in class, i.e.:

8.1-8.6, 8.8, 8.10, 8.12.

You can bring one piece of paper, with writing on both sides. **Handwritten, not copied!** Preparing this sheet of paper is an excellent preparation for the exam. No books, no calculators. Come punctually to class, put all your books and other material on the floor. Only the extra piece of paper and pencils should be on your desk. That way we can start quickly.

I will have an extra office hour Mo Feb 18, 1-3pm in my office DRL 3E3A

Practice problems for midterm from past final exams (see Math 240 home page):

Fall 2002, # 6, 7, 13

Fall 2003, # 5, 14,

Spring 2004: # 4, 5, 6,

Fall 2005: # 9, 10, Free response # 1

Spring 2005: Part II: # 9, 10,

Fall 2006, # 1, 2, 3, 4

Spring 2006: # 1, 14, 15, 16, 18, 19

Spring 2007, # 1, 2, 3, 6, 8, 9

If you still don't have enough, pick out any of the linear algebra problems from the remaining past final exams.
