1 Basic Information

2. Instructor: Yuecheng Zhu, yuecheng@upenn.edu
4. Office Hours: TBA
5. TA: TBA
6. Course Webpage: https://www.math.upenn.edu/~yuecheng/Math420.html

2 Important information

1. Grades: Final 40%, Midterm 30%, Homework 20%, Attendance 10%.

2. Homework: Homework will be posted on the Course Page. You should expect 4 homework for the whole semester. Homework should be put into the TA’s mailbox before the deadline. Each one has three one-day submission extensions. Use them smartly. For example, you may submit Homework 2 two days after the due date and Homework 3 one day after the due-date. After that no late homework will be accepted. If there are some very rare cases that you truly need more extensions email me before the deadline.

3. Exams: One midterm and one final. You are allowed to use both sides of a standard 8.5” × 11” sheet of paper for handwritten notes. Make up exams are only given for the following cases

4. Make up policy: The student contacts me before or within 24 hours of the due date with proofs for the following reasons:
   • Join the class late.
   • Illness or Injury.
• Family emergency. That means it involves immediate family members like parents, spouse, children, brothers, sisters, grandparents.
• University sponsored athletic events.
• Mandatory admission interviews for professional or graduate school which cannot be rescheduled.
• Jury duty.

The followings are NOT acceptable excuses for missing an exam:
• Emergency of a friend.
• Job interview.
• Job internships.

5. Grading: It is very important to show all your work. A correct answer with little or no supporting work will receive little or no credit.

6. Regrading: If you find any problem with the grading of an exam, you may explain your concern on the cover of the exam and return it back to me within the deadline (will be announced after the exams). The TA and I will look into it.

7. If you need any accommodation, please contact http://www.vpul.upenn.edu/lrc/sds/index.php ASAP.
